#### Overview of Master of Pharmaceutical Program:

Master of Pharmaceutical Sciences (MPS) is a newly established-research-oriented program at California Northstate University (CNU). MPS program is aimed to provide the students with fundamental knowledge in the pharmaceutical field. Graduates of the MPS program will obtain the laboratory and research skills needed to pursue careers in the pharmaceutical industry field, regulatory affairs, academia, and other clinical research areas. MPS is a part of the California Northstate University, which also includes College of Medicine, College of Pharmacy, College of Health Sciences, and College of Psychology. Our campus is in the beautiful community of Elk Grove just south of Sacramento, the state capitol of California. The City of Elk Grove is known for an award-winning school district, a variety of outstanding restaurants, a historical district, first-rate parks, and much more. The city's location provides easy access to major freeways, airport, rail lines, and ports. Elk Grove is also in a convenient location, within driving distances, to large cities including San Francisco, San Jose, and Lake Tahoe, and to national parks such as Yosemite, Redwood, Sequoia, Kings Canyon, etc.

#### Specific responsibilities for faculty in pharmacology include, but not limited to:

**Overview:** The Student Tutor will provide academic support and guidance to fellow students by helping them enhance their understanding of course material, improve study habits, and achieve academic success. This role is ideal for students who excel academically and have a passion for teaching and mentoring.

#### Key Responsibilities

##### Academic Tutoring

- Assist students in understanding specific subject matter, coursework, or assignments.
- Help students develop effective study strategies, problem-solving skills, and time management techniques.
- Offer one-on-one or small group tutoring sessions tailored to individual learning needs.

##### Resource Development

- Create study guides, practice problems, or other learning materials to support students.
- Share tips and techniques for mastering challenging concepts.

#### Requirements:

A bachelor's degree in Life Sciences.
