CNUCOP SCHOLARSHIPS & AWARDS

Introduction

The California Northstate University College of Pharmacy offers several scholarships and awards to qualifying students enrolled in our four-year Doctor of Pharmacy (Pharm.D.) program. Scholarship and award criteria vary but are typically based on academic performance, financial need, community outreach involvement, and professionalism or leadership skills. Please review the scholarship criteria listed below to determine eligibility and/or visit their various websites. Please see the list on the next page.

How to Use this Document

This document lists and details information regarding scholarships/awards available through 1) California Northstate University’s Office of the President, and Office of the Dean, 2) CNU Scholarships from external sources 3) the Northern California Education Foundation (NCEF), and 4) other external scholarships and awards. Scholarship or awards are listed and the eligibility criteria, award amount (if applicable) and tentative deadlines are outlined. It is the responsibility of the student to verify criteria, eligibility and deadlines as these are subject to change.

General Application Procedure for internal CNUCOP Scholarships & Awards

For awards/scholarships ranked by the Scholarships and Awards Committee, students must individually apply to each scholarship and/or award and submit a cover letter listing the name of the scholarship or award to which he or she is applying. Each student must also submit two copies of the required application documents electronically to COPScholarships@cnsu.edu. Wherever possible, please submit as one consolidated PDF. **One copy of the application must be de-identified**, meaning the students name and identification number should not appear on any of the application materials. Instead, please replace this information with “xxxx.” The de-identified applications will be ranked by the Scholarships and Awards committee members based on rubrics. All scholarship and award recipients will be recognized and honored at the *Scholarship and Awards Ceremony* held in the spring of each year. Please note, many of the scholarships and awards have different deadlines. Transcripts will be provided to the Scholarships and Awards Chair, Dr. Shahanara Ahsan, by the registrar. There is no need to submit a copy yourself. Please direct any questions to Dr. Shahanara Ahsan, Chair of the Scholarship and Awards Committee, by emailing COPScholarships@cnsu.edu.

Northern California Education Foundation Scholarships

In addition to scholarships evaluated by the Scholarships and Awards Committee, there are multiple scholarships offered by third parties that specify their own application requirements and instructions. Of note, the Northern California Education Foundation (NCEF) offers one of the most tuition assistance and need based scholarships, and any student that would like to qualify for these scholarships should apply through www.ncef-ca.org. The deadline for applications to the Foundation is typically in early spring.

Air Force pharmacists engage in the full spectrum of pharmaceutical services, most importantly ensuring prescriptions filled in their pharmacy are correct. They will run pharmacies ranging from two or three technicians in a small clinic to a 90 person staff in a large hospital. Air Force pharmacists do everything from dispensing over the counter drugs to preparing cytotoxic agents. They provide vital information on monitoring blood levels for drugs as well as how to prepare and administer drugs safely to physicians, nurses, and other members. Air Force pharmacists direct the operation of the intravenous admixture program and implement the unit dose drug distribution system. Air Force pharmacists provide drug information to patients and supervise the filling, labeling, and dispensing of all drug orders. They direct the procurement, storage, manufacture, distribution, control, and evaluation of drugs, as well as inspect stock supplies to maintain antidotes and other emergency care drugs. Air Force pharmacists teach and provide, in service training to medical, nursing, and pharmacy staff. In emergency or wartime conditions they meet challenges such as compounding sterile products that would normally be available through commercial sources. If they are assigned to a mobile hospital, they will be actively involved in selecting, distributing, and monitoring drug therapy.

American Foundation for Pharmaceutical Education: Gateway to Research Awards (for Pharm.D. and undergraduate students) (Deadline: January 24, 2025)

This scholarship is for pharmacy students currently enrolled in an ACPE accredited School of Pharmacy. The primary goal of the Gateway to Research Scholarship program is to help students gain an understanding of the importance of research by enabling them to apply that knowledge to improve their clinical skills. This scholarship provides a unique opportunity for talented Pharm.D. and baccalaureate degree students to participate in a faculty-mentored research project. The Gateway to Research Scholarship also encourages students who have the aptitude and desire to pursue a career in research to continue their education in a Ph.D. program. This award helps students to learn to identify relevant research problems, generate a research hypothesis, analyze data, learn how to interpret, and use research results in practice, learn to effectively communicate research and clinical data to a broad audience, develop problem-solving skills, and sharpen critical thinking skills.

Website: <https://afpepharm.org/index.php/gateway-to-research-awards/>

Award: \$5,000

Criteria:

- i. Recommended by a faculty member
- ii. Demonstrated superior academic performance
- iii. Submitted a proposed research topic that is relevant
- iv. Provided a comprehensive mentoring plan
- v. Submitted letters of recommendation
- vi. Have shown interest in scientific research

Eligibility:

- A U.S. citizen or a permanent resident
- A full-time student who is enrolled in a Pharm.D. program
- Completed at least two years of college

Enrolled in at least the first year of the professional pharmacy curriculum at an ACPE accredited School of Pharmacy

GoodRx Helps Equity in Pharmacy Scholarship (Deadline: May 16th to June 27th)

Website: <https://www.goodrx.com/corporate/news/equity-in-pharmacy-scholarship-2022>

Award: \$5,000 each to 5 PharmD winners

Award description: Each year, we ask applicants how they would solve a specific problem in healthcare. For example, previous winners described how they might use technology to address health disparities in their communities. This year, applicants are asked to share their opinions on expanding pharmacists’ prescribing responsibilities. Such policies are already in effect in several states and offer yet another way for pharmacists to impact patients’ lives. The varying degrees of authority to assess and prescribe treatments to patients could redefine the pharmacist’s role in patient care. In addition, applicants are invited to share career goals, work experience (if applicable), and education information.

Eligibility: Self-identify as a person from an underrepresented population in the healthcare field AND Have a minimum grade point average of 3.0 on a 4.0 scale (or its equivalent). Applicants should also be: Enrolled (in at least your first year) in a pharmacy doctorate program at a college of pharmacy accredited by the Accreditation Council for Pharmacy Education (ACPE)

Underrepresented Minority Gateway to Research Awards (Deadline: January 24th)

Website: <https://afpepharm.org/index.php/gateway-to-research-awards/underrepresented-minority-gateway-research-award/>

This scholarship is for pharmacy students currently enrolled in an ACPE accredited School of Pharmacy. The primary goal of the Gateway to Research Scholarship program is to help students gain an understanding of the importance of research by enabling them to apply that knowledge to improve their clinical skills. This scholarship provides a unique opportunity for talented Pharm.D. and baccalaureate degree students to participate in a faculty-mentored research project. The Gateway to Research Scholarship also encourages students who have the aptitude and desire to pursue a career in research to continue their education in a Ph.D. program. This award helps students to learn to identify relevant research problems, generate a research hypothesis, analyze data, learn how to interpret and use research results in practice, learn to effectively communicate research and clinical data to a broad audience, develop problem-solving skills, and sharpen critical thinking skills. Overall, the exposure to and understanding of research enables them to improve their clinical skills to facilitate better communication with patients and medical team members, thus equipping them for the changing healthcare workforce.

Award: \$5,000

Criteria:

- Recommended by a faculty member
- Demonstrated superior academic performance
- Submitted a proposed research topic that is relevant
- Provided a comprehensive mentoring plan
- Submitted letters of recommendation
- Have shown interest in scientific research

Eligibility:

Eligible applicants must be:

- a U.S. citizen or a permanent resident
- a full-time student who is
 - a) enrolled in a Pharm.D. program
 - completed at least two years of college
 - enrolled in at least the first year of the professional pharmacy curriculum at an ACPE accredited School of Pharmacy

OR

- b) enrolled in a Baccalaureate degree program (undergraduate)
 - completed at least one year of the degree program in an ACPE accredited School of Pharmacy.
 - Enrolled for at least 1 full academic year after the initiation of the award
 - Nominated and mentored by a faculty member who is employed by either an ACPE-accredited school of pharmacy OR any college awarding baccalaureate degrees, provided the faculty member is actively undertaking research in the pharmaceutical sciences.
